ROW Permit #: \_\_\_\_\_ Issuing Authority: \_\_\_\_\_

Maintenance Bond Amount: \_\_\_\_\_ Serial #: \_\_\_\_\_

- Applicant agrees to comply with the District's Specifications and Regulations for Installation of New Water Service and acknowledges receipt of the documents. \_\_\_\_\_.
- Applicant hereby agrees to abide by all Rules, Regulations and Policies established by District and any hereafter established, and further understands the District reserves the right to discontinue water service without notice for non-compliance. Applicant acknowledges receipt of the District's Customer Handbook. \_\_\_\_\_.
- The undersigned agrees that in the event any part of the water system constructed, expanded, modified or repaired after January 1, 1989 is found to contain materials that are not "lead free" the District shall have the right to remove the water meter and sever the service line at the above stated property. The definition of "lead free" as used herein shall be as defined in the Rules and Regulations of the Missouri Department of Natural Resources as it now exists or may be redefined.
- Applicant agrees to provide District Easement on above mentioned property for repair and/or construction of underground water utility in accordance with RSMo. 247.050.
- Applicant will allow a minimum variance from driveways of three feet for fire hydrants and one foot for valves and blow-offs.
- Applicant agrees to abide by Mo DNR 10 CSR 60—Backflow Prevention.
- Applicant will be responsible and billed for any cost incurred by the District in obtaining meter set grade and relocations of hydrants, valves and blow-offs.
- Applicant agrees to pay as billed by the District for any changes or modifications required to alter a meter set due to settling within two-years of the original date of service.
