 GREENWOOD MO 64034

These are your previous and current meter readings for the service period and the usage your account has been billed. Your water usage is calculated from these readings. The District calculates usage by the 1000's therefore $128.5 - 122.3 = 6.2$. $6.2 \times 1000 = 6,200$ gallons.

This is the amount charged to your account for your water usage during the service period. Our rates are \$7.31 for the first 1000 gallons, then \$4.85 for each additional increment of 1000 gallons. Please see our Rate Schedule for details.

Sales Tax varies depending on Residential, Commercial and Rural factors.

This is the total of all charges and credits now due on your account. A credit balance will be noted by a small "-" before the amount.

Your account will owe this amount if not paid by the due date after Late Charges are applied.
